Influenza Epidemic Abated

By order of the local Board of Health, a ban will be lifted the last of this

Savoy Theatre opens Saturday evening; all church services and Sabbath schools will be resumed and the public schools reopen Monday. The influenza and pneumonia has raged here during the last three weeks, but conditions seem to warrant a return to the usual state of affairs. Every person will be expected to use intelligent care about sneezing and coughing in crowded places.

E. O. Millett mangled two fingers in a buzz planer at his shop Saturday afternoon. By quick work, he removed his fingers from the machine before the whole hand became caught in the knives. Mrs. Millett accompanied him to the Central Maine General Hospital on the afternoon train, for surgical treatment.

Ernest J. Record has charge of the literary registration papers and other affairs concerning that office at the courthouses until the business has been

cially closed. Chairman of the board, L. Gray, and clerks were released a week or more ago.

The public utilities hearing on complaints of the Norway and South Paris citizens against the Oxford Electric Co. is held here Jan. 31st at 10 a. m.

Don. James S. Wright is able to visit office after an absence of several weeks because of sickness. Fred N. Wright was out Wednesday, the first day in two weeks, owing to an attack of

zena. Mrs. Fred Wright is improving rapidly, but unable to leave her home. James King of Locke's Mills was in town Wednesday on business. He commences Monday as assistant saw filer at Paris Manufacturing Co. during the logging lumber season. A party of three swapping yarns and the stone at Percy Allen's store Wednesday afternoon, stumbled into a peculiar coincidence. The conversation drifted toward base ball as played in the city past. Sam Davis recalled a game played some thirty-three years ago at

nel, when he handled the third sack South Paris. A near riot occurred in the Bethel third sacker clinched one of their runners, who failed to score. "The Bethel player who held the base runner," said Amos King of Locke's team, one of the trio. "Yes," said the listener. "I remember that game. I am a youngster peddling apples through the crowd that afternoon and recall the controversy contested scrap." The three per-
 ly lie in different towns and have nev-
 net together before. This gathering
 purely accidental.

Benjamin Swett will not return home from Moab, Utah, for the present, owing to the second run of "flu", which is in a severe form. They have no definite arrangements about returning.

Miss Raymond Atwood arrived here Tuesday morning.

The European club will hold no more meetings until fall, as sickness has caused the scheduled for this winter will be postponed next season.

Baker's Mother Say

The best way to save flour is to use only the highest quality for all the baking you do. It means "good luck," less waste and real economy in food value.

My choice of all flours is WILLIAM TELL. The rich limestone soil of the Miami Valley in Ohio which grows the wheat from which WILLIAM TELL is made, gives it a delicious flavor and wonderful baking qualities. It takes the ache out of bake and puts the flavor in.

Ask your grocer for WILLIAM TELL—and insist upon getting it.

EAST SUMMER.

Myrtle Bowler who has been at home ill with influenza, has returned to South Paris.

Richard Palmer had the misfortune to cut his leg while working in the woods. Good case prevented serious results.

Mrs. Frank Ryerson, who has been seriously ill with pneumonia, is now gaining in health.

Church services were resumed last Sunday, after an enforced vacation of two weeks, on account of influenza. There was a small audience, as a result of the severity of the weather, but those who attended felt well repaid for the effort while listening to Rev. Mr. Collins' sermon from the text "I make all things new." As may be imagined, he spoke of the reconstruction period, and he also spoke of the life and death of Theodore Roosevelt. The evening service was very interesting, although not largely attended.

James Packard recently received a crate of nice oranges from his father's, George H. Packard's, fruit ranch in California. Vernal and Leon kindly presented their Sunday school teacher with some of the delicious fruit, which she highly appreciated. "Little deeds of kindness" go far toward making this world of ours an excellent place in which to live.

Word has been received that Fred Waterhouse, a native of Summer, who was severely wounded in France, has arrived in New York and his wounds are healed. Claude Brown, who formerly lived in this place, has returned to his father's home in Massachusetts. Although he left one leg in France, he is well and happy, with that irrepressible cheerfulness that seems to characterize Uncle Sam's soldier boys.

Mrs. Dennis Parlin is to teach the next term of their school. The scholars are to meet at her house for afternoon sessions.

The village school is under the instruction of Harold Gammon, who has been taking a course in military training at U. of M. The school has been badly broken up by the influenza, but we hope they may now go on without interruption.

SWEDEN

The sick ones are all improving in town. No more new cases of influenza at present.

Wendel Plummer went to Bridgton Thursday with a load of dry wood. When nearly home it was growing dusky, he saw a partridge fly out of a tree and drop into the snow beside the road. He jumped off from his sled and picked the partridge out of the snow and brought it home. He kept it over night and in the morning let it go and she flew for the woods. He had enough to think she had saved her neck. Wendel is always catching coons, rabbits, etc.

Frank Ridlon has been doing chores at Norrene Brackett's while she was sick with the "flu."

Neddie Durgin came home from Mrs. Foster's to help take care of her aunt, Mrs. E. S. Plummer who has been sick but is up and dressed at the present writing. Louisa Moulton is staying with Mrs. Hutchins while Neddie is away.

Wendel Plummer is hauling some hemlock to H. B. Bunker. He has saved to build a garage in the spring.

Lester Maxwell and Fred March of Bridgton are hauling wood from the Chute lot in Sweden for Louisa Moulton of Bridgton. Lindon Merrill out the wood for her in the year, but everybody was so busy with their teams that she couldn't get it hauled.

Mr. and Mrs. H. A. LeBaron went to Bridgton one day last week and called on the sick ones coming home.

Clay B. Bunker and Lizzie Merrill visited Orpha Plummer Thursday afternoon.

Dorothy Durgin visited at Otis Gilman's one day recently.

OTISFIELD

Howard E. Ames, who was called into the service last July, has received his discharge and has returned home from Camp Upton, N. Y.

Leonard Decker is in very feeble health. Clara Foster and Marguerite Little visited Mrs. Bertha Smith in Harrison last week.

Mrs. Nellie Deming and Mrs. Clara LeBaron visited Mrs. Eugene Edwards one day last week.

George Morey is still very feeble. Mrs. Arthur Smith and two children are visiting her parents, Mr. and Mrs. Josiah Thompson of Norway.

Mrs. Rose Edwards has a very lame back. The roller was out for the first time Sunday.

Mrs. Etta Warren is teaching in her district. Edna Robinson is working for Mrs. Dexter Nutting.

WEST LOVELL

Mrs. Alexander Laroque had an ill turn the first of the week. Mrs. Edith Sawyer is caring for her.

Mrs. Caroline Fox is having eczema badly. Wendell McAlister has finished cutting wood with Arthur Fox. Morton A. Lord of Rumford came home, Friday for a visit to his parents, Mr. and Mrs. A. K. Lord.

Oris LeBaron is in bed from a hurt in his right side caused by a kick from a horse he received Thursday night.

A surprise party was given George Stearns on his seventeenth birthday, at his home Friday evening. He received several gifts from his friends.

Christeen and Hazel Fox spent the week-end at their grandmother's, Mrs. Alonzo Lord's.

NORTH WATERFORD

Birthday Celebrated
Margorie Matherson's birthday party at Grange Hall, Jan. 11th was a most enjoyable occasion, although the night was cold, it was quickly forgotten—every one was having so good a time.

Linwood Flint and Mrs. Mattie Lord furnished music for the dancing and at intermission a delicious treat of candy was served, friends from Portland, Kennebec Hill, and Norway were present besides a goodly number of neighbors to help celebrate the event. They are certainly indebted to Miss Matherson for this pleasing evening's entertainment.

NEWRY

Harry Williamson of Sunday River came after his wife and two children Saturday and took them home.

Don Smith's little son is very sick with stomach trouble.

Irvy French is hauling his logs to S. A. Eaine's mill at North Newry.

F. S. Douglass is hauling his pulp timber to the river.

Clyde Brooks is hauling hay from the Town Farm.

H. R. Powers has had a telephone put in at his camp.

away at the M. E. parsonage, Monday at
5 p. m., after a short last sickness of five

strong for a number of years yet these
last few weeks were all she was confined
to her bed. She had the "flu" in Oc-
tober but got better from that so she was
up about the house and went out some
but a malignant stomach trouble caused
her last sickness.

Mrs. Hathaway was the wife of Rev.
H. H. Hathaway who came here last May
to take up the pastoral work of the
church Federation of the Methodist and
Baptist churches. She was born Nov.
1868 in Garland an only daughter and
her parents died some time since. Their
only son, Corporal Floran Hathaway
was discharged from the U. S. service in
Camp Grant, Ill. an officers training camp,
and got home just in season to take
Thanksgiving dinner with his parents.
He has remained here ever since and gives
most efficient aid in caring for his
mother, A. nurse, Harry, and Loring of
Otisfield came to them last week and
stayed until Tuesday morning. Also an-
other friend from Portland who remained
until Tuesday afternoon.

Prayers at the house by Rev. H. C.
Young were held Tuesday at 3:30 p. m.,
and then the remains were accompanied
by the husband and son to Clinton where
they were for four years before coming
here, where Wednesday at 2 p. m. the fun-
eral services were held in charge by Rev.
H. M. Ford of Pittsfield an old friend of
the family. Thence on Thursday the
was borne to her last resting place be-
side her mother in the cemetery in Gar-
land. Mr. Hathaway and his son will
return here on Friday.

Mrs. Hathaway was a very sweet and
most lovable person deeply spiritual, kind
and thoughtful always for others. Al-
though she has been here so short a time
she endeared herself to all and made
many close friendships. She was a zealous
believer in prayer and held a prayer
circle of ladies once a week usually at her
home. She kept in close companionship
with her Master and even when in intense
suffering toward the last and her voice
could scarcely be heard above a whisper
she would say, "Praise the Lord" or
"Glory." The companionship of moth-
er and son was that of "chums" as they
lovingly called it. She will be greatly
missed by husband and son also in the
church.

Dr. E. C. Andrews, for many years
one of the leading physicians of Somerset

of the death of Alden Bradford Walker,
a former resident of Fryeburg. He had
made his home in California for many
years. He was the oldest son of Mr.
and Mrs. George Walker of Fryeburg and
the grandson of Lieutenant James Walk-

He was a member of Grover Post, G. A.

young in the Seventeenth Maine Regi-

B during the war. He was wounded
three times and so was obliged to pass
some time in the hospital. He was the
last of his family. He was of Pilgrim

The apples in this county are nearly
all marketed. Mr. Yeaton says there are

ALBANY

George Manley and wife of Hyde Park, Mass., are at Hunt's Corner visiting Abel Andrews' folks. Mr. Manley has been a mail agent on the trains for many years. Harry McNally and son Chester have finished cutting timber for William Grover and Mr. McNally and his son Jack, about 14 years old, are now cutting timber in the town of Stoneham.
There is snow enough now for good sledding and the farmers are improving it hauling their wood and timber to Bethel and to Greenwood.
The schools in town have nearly all closed.

Mailland Bird has taken the job to break the roads this winter from his home to Hunt's Corner.
Howard Allen and Mrs. Ismay Wardwell and Fred Scribner's family, who have been sick with the influenza and been under the care of a trained nurse, are all better and out of doors now.
The price of cord wood has dropped some at Bethel since the snow came.
Alfred Leighton seems to be the boss butcher in our town at the present time. He butchered a big bull and two big hogs for V. B. Cummings, recently.

Robert Stearns and wife and two boys are stopping in Ketchum this winter, where Mr. Stearns has a good logging job.
There has been more beef cattle butchered this fall and winter than far than there has been before for the last three years and more fur caught, also. Ivan Kimball, son of Lem Kimball, has done a good job trapping, caught nearly 875 foxes. How is that for a boy ten years old?
The sad news reached Albany a few days ago of the death of Stanwood Bean of Melrose, Mass., son of Arthur Bean and grandson of L. N. Cummings, formerly of Albany.
D. A. Cummings recently shipped over 25 fur skins and half a ton of beef hide, tallow and bones.
Mrs. Mattie McNally is visiting her sister in Exeter, N. H.
We were all glad to meet two of our old soldier boys from Camp Devens, who were at home on a short furlough, Irving Morey and Forest Churchill, both have returned.

BRYANT'S POND

The schools are again in session after a lapse of five weeks. The high school is in charge of former principal, Homer Crocker. The attendance is nearly equal to that of the fall term. Mrs. Ada Swan was unable to resume her duties as assistant instructor this week.
Marjorie Jordan and Fred Cummings are attending Shaw's Business College. Clyde Dunham of Greenwood had both bones of the right leg broken Monday morning while working in the woods. In cutting off a tree that had lodged it slipped back striking him in the leg and pinning him to the ground. It was a cold morning and before relief came he suffered much from the cold. Dr. Willard of this village was called to attend him.
Claude Cushman is ill with pneumonia. The grip and influenza seems to be subsiding in our town.
By Lester Hathaway, who is stationed at one of the Southern camps was at home on a furlough last week.

Sunday morning was the coldest weather we have had. The thermometer registered 20 below zero at sunrise at I. A. Andrews near Lake Kezar.

Edgar McAlister passed away Monday, January 13, after a long sickness of failing health. His son, E. O. McAlister of Auburn was summoned Sunday but did not get there until the end came. He has been cared for by Mr. and Mrs. John Adams since last May.

One of the neighbors says, it is all right to brag over the pigs they raise, but when it comes to buying they want to get I. A. Andrews of North Lovell to show them how to do it. He went over to Cedarbrook Farm, Norway and bought a shoat to feed and fatten a few weeks and one day this hog gave birth to 7 nice pigs. He says he never got so many pigs for his money before, and when the pigs were two weeks old they weighed nine pounds a piece.

Stillman McAlister made his sister, Mrs. Herman Richards of East Stoneham a short visit Thursday.
L. A. Andrews has been hauling hay which he bought of parties in North Waterford the past week. There seems to be a scarcity of hay among some of the farmers owing to the low price of stock.

Theodore McAlister has finished working. Harry McKee has gone to his home at Lovell.

January is the Month of Money Saving

January has always been recognized as the saving month of the year and it's merely because the merchandising policy of this store provides for the selling of each season's goods within that season that such prices as now rule are in force. However, the Winter season has really just begun, in consequence of which the very merchandise that you will be most in need of now can be purchased at lower cost than those which ruled earlier.
